

Data Sheet: Hot Air Oven

Part # 115877

Pictures may show optional equipment.

Pre-dry the PCB and harden the resist in thirty minutes using the hot air oven. The oven offers an integrated time switch clock and a precise temperature regulator.

Technical Data: Hot air oven	
Capacity	342 x 242 mm
Pitch	70 mm
Voltage	230 V ~ 1N
Frequency	50 / 60 Hz
Electrical Power	2,62 kW
Max. Temperature	300 °C
Dimensions	480 x 523 x 402 mm (W x D x H)
Weight	16 kg
